GUIDE TO ACCESSIBLE

ADDIS ABABA

Ethiopian Center for Disability and Development

2014

LIGHT FOR THE WORLD
Introduction

The preparation of a “Guide to Accessible Ethiopia” is one of the major components of the ECDD “Promoting Accessibility in Ethiopia” project, which is a continuation of a previous project which ECDD undertook in 2008 with the support of LIGHT FOR THE WORLD Austria. The purpose of the project is to assess the accessibility of selected public buildings and services in Ethiopia for persons with disabilities, including hotels, guest houses, restaurants, shopping places, medical services, tour and travel services, museums, and recreational centers among other establishments. During this project, ECDD also organized a series of “Accessibility Information Seminars” in 12 towns in Ethiopia to inform business and building owners, architects and urban planners about accessibility standards to encourage greater attention to making accessible facilities all. In addition, ECDD undertook the modification of existing schools in selected towns to demonstrate what accessible design looks like.

ECDD collected information on the accessibility of facilities and services for persons with disabilities living in Addis Ababa
and in 12 secondary towns of the country, including: Adama, Debre Zeit and Jimma in Oromia Regional State, Hawassa and Arba Minch in Southern Nations, Nationalities and Peoples’ Regional State, Axum and Mekele in Tigray Regional State, Bahir Dar, Gondar, and Lalibela in Amhara Regional State, and the municipalities of Dire Dawa and Harar in eastern Ethiopia. Many of these towns are tourist destinations, so the collected accessibility information will be of interest to visitors and tourists with disabilities as well as to local residents.

The Guide is organized according to categories such as hotels/guest houses, restaurants/cafes, essential services (including medical services), transport, sports and recreation (stadiums, fitness centres, etc.), churches/mosques, and culture (cinemas, theatres, museums, etc.).

The “Guide to Accessible Ethiopia”, with its component Regional and Municipal Guides is the first of its kind in Ethiopia. The Guide is the first to provide accessibility information on buildings and services in the major towns throughout Ethiopia. So, whether you are a resident or a visitor with or without a disability, we wish you an all inclusive journey!
KEY to Accessibility Symbols used in this Guide

The following symbols are used to indicate the relative accessibility of selected aspects of the buildings and business surveyed. Very few establishments in Addis Ababa are fully accessible; thus each rating is relative and based on the specified criteria developed for this Guide.

PHYSICAL ACCESS:

1. Fully or Mostly Accessible

![Handicap Symbol]

Criteria: Main doors min. 85cm wide, Stairs non-slippery min. 35cmx15cm equipped with handrails both sides, Ramp sloppiness max. 10 % (10cm/100cm), non-slippery equipped with handrails at both sides, Elevator with door min. 85cm wide, call buttons with Braille max. 110cm high, free space min. 150x150cm, starts from basement and reaches all floors

2. Partially Accessible, or with assisting person

![Handicap Symbol]

Criteria: Main doors min. 70cm wide, Door threshold not exceeding 20cm, Stairs with one handrail, Ramp sloppiness
max. 20% (20cm/100cm), Elevator door min. 70cm, starts from first floor

3. Not Accessible

Criteria: Main doors less than 70cm wide, Door threshold exceeding 20cm, Steps with no ramp or sloppiness above 20%, No Elevator. Stairs without handrails

Comments on physical access: description of obstacles in approach to or in the building, location of alternative entrance (give directions) or availability of removable ramp, number of steps at entrance, high thresholds (give height in cm.), narrow or heavy doors, poor lighting, heavy rugs or carpets, other barriers, etc.

TOILET/SHOWER:

1. Fully or Mostly Accessible Toilet/Shower

Criteria: Toilet doors min. 85cm wide, free space (150cmx150cm), grab bars at both sides of the toilet seat,
washbasin 60cm-90cm high, roll-in shower and seat, shower handles at height of less than 100cm.

2. Partially Accessible Toilet/Shower, with Assisting Person

Criteria: Toilet door min. 70cm wide, free space 110cmx110cm, one grab bar, washbasin with height of 100cm-120cm, shower with threshold not exceeding 3cm, shower handles at height of less than 100cm.

3. Inaccessible Toilet/Shower

Criteria: Toilet door less than 70cm wide, free space less than 110cm, no grab bar, no shower, high threshold (give height in cm.) or shower handle above 100cm.

Comments on toilet/shower access: description of obstacles: difficult entrance, number of steps at entry or inside, toilet stall too narrow, no signage, etc.
ADDITIONAL INFORMATION:

1. Information in Braille Available

Criteria: restaurant menu available in Braille, organization description available in Braille, etc.

2. Sign Language Interpreter Available

Criteria: Sign language interpreter available, or available upon request

3. Reserved Parking Space Available

Criteria: At least one accessible reserved vehicle parking place available near building entrance (with signage)
GUIDE TO ACCESSIBLE ADDIS ABABA

FULLY ACCESSIBLE HOTELS
Beer Garden Inn

Location: Bole Medhanealem, behind Edna Mall
Tel: +251-116-183956/182591/95
Mob: +251-936-010926
